It's looking like the 3-4 week of this month. I am reviewing sections as we type.

Sure, we will instruct the specialists to charge as you have indicated.

When do you anticipate the submittal will be coming in?

Also,

For any work done on the EIR when it comes in, please have all the specialist charge to the Soitec Solar Development Deposit account. That will also be the case for hearing preparation (Except Desert Green). Only use the individual accounts for meetings and task for the individual projects. Now Mark and Ashley will receive the TDS and Rugged resubmittals with the EIR. The work on the resubmittal should be charged to the individual projects.

Thanks,

pb

Hello Mark and Ashley,

Can you guys please give me an update on the account balances and deposit account numbers for all the projects? Is there still two deposit accounts, or is all the money combined into one account now that you are merged with DPW.
